

## **Region H Welcomes New Healthcare Coalition Facilitator**

Laura Ginn Trawick is the Healthcare Coalition Facilitator (HCF) for the South Central Health District, where she leads emergency preparedness efforts across the region—and somehow keeps everything running smoothly. With over a decade of experience in emergency management, she's held roles including EMA Specialist for Glynn County EMA and Homeland Security, Safety and Compliance Coordinator at Sea Island Company, Storm Recovery and Large Loss Specialist with Servpro, and Emergency Preparedness Specialist for the Southeast Health District.

Laura is battle-tested, having supported the evacuation of Southeast Georgia Health System during Hurricane Matthew and responding during Hurricane Irma, as well as Hurricanes Laura, Delta, and Ida in Louisiana. These experiences have fueled her strong commitment to the whole community approach to emergency response and her talent for building lasting partnerships that strengthen regional resilience.

She also has a genuine love for training and continuing education and takes pride in hosting learning opportunities that are both practical and engaging for coalition partners.

When she's off the clock, Laura enjoys life on her family farm with her husband and their 5-month-old son, Charlie—alongside a lively collection of dogs, horses, goats, and guineas. A lover of the outdoors, she spends her free time hunting ducks and field trialing, always ready for the next adventure (or muddy paw print).
