

Georgia Infection Prevention Collaborative Webinar Series

The Georgia Department of Public Health (DPH) and the Georgia Hospital Association are excited to invite you to an infection prevention webinar series. In support of improving patient care, this series seeks to increase infection prevention knowledge in Georgia.

Presented live until July 2027, the monthly series features subject-matter experts from DPH. Sessions will be recorded and available for on-demand viewing on [GHC911](#).

Starting in October, the webinar will be held on the third **Thursday of each month from noon-1 p.m. ET**. Please share this with your colleagues.

Preparing for the 2026-2027 Viral Respiratory Season: An Overview of Influenza and RSV Surveillance

Sept. 24, noon-1 p.m.

Learn how to prepare for the influenza and RSV season. Help your staff understand the risks and actions to take to prevent the spread of respiratory viruses.

Register [here](#) or scan the QR code.
